Diseases

MDPI

Message from the Editor-in-Chief

Diseases is an international, peer-reviewed, open access, multidisciplinary journal that focuses on the latest outstanding research concerning diseases and conditions. Research articles, reviews, and other contents are released on the Internet immediately after acceptance. This journal aims to cover international conferences and symposia as new targets.

Diseases is increasingly gaining acceptance and visibility within scholars, and after only a few years of life, *Diseases* is now also covering specific topics with dedicated special issues. We would be pleased to welcome you as one of our authors.

Editor-in-Chief
Prof. Dr. Maurizio Battino

Aims

Diseases (ISSN: 2079-9721) provides an advanced forum for studies related to human diseases and conditions. It publishes original research, reviews, communications, and short notes as well as Special Issues on particular subjects.

The aim of *Diseases* is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. Therefore, the journal has no restriction on the maximum length of the papers. Full experimental details should be provided so that the results can be reproduced.

Scope

- Cardiovascular diseases
- Gastrointestinal and urological diseases
- Endocrine diseases
- Nutritional diseases
- Infectious diseases
- Neurodegenerative diseases
- Chronic diseases
- Hereditary diseases
- Cancer
- Neuropsychiatric conditions and mental disorders
